### Genuine Ford Car Stereo harness pinouts diagrams ...

It has a 6 CD changer feeding down to the radio/amp via a ribbon. So, we downloaded the parts manual for the CD/AMP combo, determined which pins were the CD signal pins, and soldered 26 Gauge wire to the ribbon connector pins (Braided the wires, but I wish we had just twisted all 3 together with the drill).

C) 6-pin audio connector- carries individual speaker wire inputs you will need to run all these wires from radio in front of car to the back of the car where you are installing the CD-Changer. As far as the connector housings.. it may easiest to go to a salvage yard and get them... finding part #s in BMW's Parts catalog for connectors is miserable.
